Goodrich Rubber Company Offers Plant to United States

WASHINGTON, D. C., Feb. 7.—President Wilson has been offered the entire resources of the B. F. Goodrich Rubber company's huge factory at Akron, Ohio, in case of war. This was decided upon at a special meeting of the executive committee of the Goodrich company, called expressly for the purpose in New York city Monday night.

President B. F. Work of the Goodrich corporation was asked to assure the president of the energetic co-operation of the entire Goodrich organization all over the world.

This information has just been received by Dick Carroll, district manager of the Goodrich company at 401 Mission street, San Francisco.

As the largest rubber company in the world, with its 125 branches, with its accurate and nation wide road and touring information and its connections everywhere through its loyal dealers, the Goodrich company is in a better position than any other single organization of its kind to manufacture and facilitate the delivery of rubber goods from Akron to any part of the world designated by the United States authorities.

Pneumatic tires and solid truck tires are first thought of in connection with what the Goodrich company is in a position to offer our government, but there are a host of other rubber products eagerly sought by both army and navy in case of war, such as rubber clothing of all kinds, rubber blankets, rubber canteens, rubber boots and shoes, and in the case of the sick and wounded, rubber air

mattresses, rubber pillows, hot water bottles, syringes, various kinds of rubber bandages and a host of other rubber surgical supplies.

All of these the Goodrich company is in a position to manufacture in huge quantities and on a minute's notice.

In fact, the Goodrich company, manufacturing as it does for the wide world trade, already has in stock huge quantities of rubber supplies of all kinds immediately available for soldiers and sailors.

The importance of the rubber industry in war time is shown by the fact that rubber was the principle cargo of the wonderful submarine, the Deutschland, on both her return trips to Germany last year.

Peach Growers Campaign
HANFORD, Calif., Feb. 7.—Yesterday was practically a holiday in Hanford, set aside for the strengthening of the organization of Kings county peach growers. Merchants and peach men campaigned the entire county in an effort to secure a 100 per cent sign-up of peach growers in their organization, known as the Peach Growers, incorporated. Merchants at Le-more conducted a similar campaign.

"No Such Thing," Says Mayor
LOS ANGELES, Feb. 7.—Owing to the interest in birth control created here by last week's meeting, a newspaper man conceived the idea of interviewing all members of the council to get their views on the matter. President Betowski was the most pronounced in his view:

"It's all bunk, I tell you; just plain bunk. If it's going to be a girl nobody can change it. There's no such thing as birth control."

Public Libraries Will Receive Lincoln's Life

Justice McCamant Learns 32 Libraries in State Do Not Have Life of Abe Lincoln and Conceives Plan

Thirty-two public libraries in Oregon are to be provided with copies of Hay & Nicolay's "Life of Abraham Lincoln" within the next ten days, if a plan conceived by Justice Wallace McCamant, president of the Lincoln Memorial Association, is successfully carried out. Admirers of the martyred president in this state have been invited to join in the movement to provide the various public libraries with these books the presentation to be made on the anniversary of Lincoln's birthday, February 12th.

Judge McCamant conceived the idea of making the presentation when he learned from State Librarian Corneila Marvin that thirty-two libraries of this state were without the authorized story of Lincoln's life.

Judge McCamant interested a number of Lincoln admirers; in his plan with the result that twenty-one libraries have already been equipped with the Hay-Nicolay work.

The books in question were compiled by John Hay and John T. Nicolay, private secretaries to Lincoln, and are recognized as the authoritative story of the martyr-president's life. The work gives in popular form the thrilling story of the crisis more than half a century back and deals especially with Lincoln's public career. His famous speech at Fort Sumter, the Lincoln-Douglas debates, the early "free soil" fight and the events of Lincoln's administration as president are graphically and accurately told, and numerous interesting sidelights on state affairs during the rebellion days are vividly pictured.

BERNSTORFF GOES HOME TUESDAY

EMBASSY SUITE AND CONSULS WILL SAIL FROM NEW YORK FOR GERMANY ON SCANDINAVIAN LINER

WASHINGTON, Feb. 7.—One week from yesterday the whole corps of German officials in the United States, including Count and Countess von Bernstorff, the embassy suite and consuls from all parts of the country, will sail from New York for Germany.

Reservations for more than 200 persons have been engaged on the big Scandinavian liner Frederick VIII, leaving New York February 13th for Christiania. Final arrangements will soon be completed with officials of the company. Meanwhile, former German consuls throughout the country, having turned their consulates over to the caretakers to be eventually reopened under the direction of Swiss officials, will start for New York in time to be on hand when the ship goes out.

Safe conducts have been requested by the state department of both Great Britain and France for passage through the allied blockade, and no doubt is felt that they will be accorded.

IF KIDNEYS ACT BAD TAKE SALTS

TAKE A GLASS OF SALTS IF YOUR BACK HURTS OR BLADDER TROUBLES YOU

No man or woman who eats meat regular can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which excites the kidneys. They become over worked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast, and in a few days your kidneys will be set. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia water drink which everyone should take now and then to keep the

kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.—Adv.
